

2017 Women in Technology Consulting Conference

EY's Women in Technology Consulting Conference (WIT) is a one-of-a-kind interactive learning experience, which will help you sharpen your leadership, teamwork, and communication skills. You'll learn more about our culture, people, and technology-oriented practices while forging relationships with EY employees and fellow students. Let us share with you how a career in professional services is an exciting, challenging, and rewarding experience.

As a part of this conference, you'll attend workshops, participate in team-building exercises and learn from a variety of speakers what it means to be a successful woman in the ever-developing field of technology. You'll also learn what EY is doing to develop its workforce diversity and some of the exciting initiatives that we have in place, all of which make EY an incredibly unique company.

At EY, we understand that workforce diversity is more than a good idea—it's good business and it's the right thing to do. We are proud of our diverse workforce and focus on inclusiveness. We recognize that in order to provide the best quality service to our clients, we must foster an environment in which inclusiveness is embraced openly.

The WIT Conference will be held in Toronto on **Thursday August 17, 2017 and Friday August 18, 2017**.

Who Should Apply?

Participants should be at least two years from graduation and pursuing a degree in Science, Technology (Computer Science, Information Systems, etc.), Engineering, Math, or a related field. Students will be selected based on their academic achievements, leadership and extracurricular activities, communication skills, and interest in a technology career with a professional services firm. Additionally, attendees will be considered for a future internship and/or full-time opportunities.

Position requirements

- Female students who are two years from graduation and are studying Science, Technology (Computer Science, Information Systems, etc.), Engineering, Math, or a related field
- Have a minimum GPA of 3.2 on a 4.0 scale
- Hold a significant interest in professional services and a career in technology
- Possess integrity, maturity, dependability and enthusiasm
- Demonstrate analytical, teamwork and organizational skills, as well as strong verbal and written communication skills

How to Apply

Please submit the following by the application deadline listed above:

- Cover letter or a paragraph describing why you are interested in attending the Women in Technology Program and what you hope to experience and learn from the program(s);
- Resume;
- Transcript (can be unofficial)

Applications close Sunday April 16, 2017. You will be notified as to whether you've been selected to interview early May.

EY is committed to inclusiveness, equity and accessibility. We encourage all qualified candidates to apply
